Design

The MEP design roots date back to the original servo press series which debuted in 1995. Each new MEP model has been faithful to the original design identity while incorporating advanced technology.

- 8-Ton Force Capacity
- MEP-8TL 30" x 36" Board Capacity
- MEP-8TM 24" x 36" Board Capacity

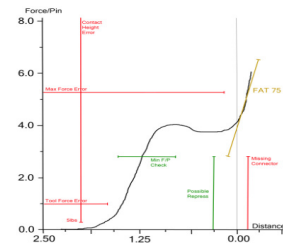

Height Termination

HMI

User friendly HMI
 Different level log-in accesses
 Barcode-able board selecting
 Preventing human error
 Full SPC data
 Multi-language

Force Angle Termination

Hi Res

Ethernet control system
 16-bit ADC, 65000-point force resolution
 Min F/P and Max F/P monitoring
